## **Marina Kats Earns Endorsement of MontCo GOP** *Kats will have clear path to Primary*

**AMBLER, PA:** Marina Kats, candidate for the 13<sup>th</sup> Congressional District, earned the support of the Montgomery County Republican Committee last night before the rank and file of its membership.

“It is an honor and a privilege to receive the endorsement of the Montgomery County Republican Committee,” said Kats, “I look forward to working with our committee people to bring sanity and common sense back to our Nation’s Capital.”

Kats won the endorsement over Lee Falgoust, a Republican municipal leader from Upper Moreland, by a tally of 178 to 81. After the vote, Falgoust called for a unanimous endorsement and intends to withdrawal from the race, leaving a clear path for Kats in the Primary Election.

“Private citizens like myself can no longer stand by on the sidelines as our political leaders fail time and again to make a difference for our families,” continued Kats, “We must get involved. We must work together to put our nation back on course.”

“We currently have the most unpopular and ineffective Congress in our nation’s history,” said Kats, “I refuse to allow our country to continue down the wrong track.”

“Those in power want you to believe America is divided into red and blue,” finished Kats, “In my mind, there is only one America that is red, white and blue; I implore citizens from across the district to join us in creating a more perfect union.”
